

Practical Nursing Evening and Weekend Option at the Stokes County Campus

- Forsyth Tech offers an Evening and weekend option for the practical nursing program. The courses are held at the Forsyth Tech Stokes County Center in the Meadows community (near Walnut-Cove and Danbury, N.C.). The program is three semesters long.
- The practical nursing curriculum prepares individuals with the knowledge and skills to provide nursing care to children and adults. Students will participate in assessment, planning, implementing and evaluating nursing care. Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX), which is required to practice as a licensed practical nurse.
- Classes, clinicals and labs are held in the evenings and weekends (there may be some deviation from evening/weekend clinical days due to availability of clinical sites).

Admission requirements

1. Complete the Forsyth Tech application.
2. Have an official high school transcript or GED score mailed to the Admissions office. (Official transcripts must be sent directly from the school to Forsyth Tech).
3. Have official transcripts from all colleges or schools attended since high school sent to the Admissions office. These will be reviewed for possible placement testing and transfer credit.
4. Participate in the mandatory Nursing information session.
5. Complete a MAR review with the Admissions office.
6. Take the TEAS test; applicants must score a 42 percent or higher on the TEAS test (Test of Essential Academic Skills) to be eligible for admission to the Practical Nursing program.

Related Courses

There are three required courses for the Practical Nursing program- English 111, Psychology 150 and Biology 163.

In addition to these requirements, the student will be required to have a current American Heart Association Basic Life Support Healthcare provider CPR certification and CNA I certification to be admitted into the PN program. The student must maintain the CPR certification throughout the program. It is highly recommended that applicants complete the CPR certification and the CNA I training prior to applying to the program.

- All admission requirements listed on the Forsyth Tech website, must be completed prior to application deadlines.
