

ForsythTech

International Student Club

The International Club Serves

- Students who have come to Forsyth Tech from far away
- Students who want to become more involved citizens of the world.

If either of these sound like you, then this is your club!

The International Student Club is a new club hoping to offer the following to the Forsyth Tech Community:

- Fun trips to parts of North Carolina and beyond
- Opportunities for students to share information about their countries and cultures
- Cultural activities and celebrations
- A place for international students to connect with each other for friendship and assistance

**To find out more about how to get involved
Contact Eliza Sieswerda, Academic Advisor
