### Meet requirements of "No D or F policy":

- While you are taking the related courses to become competitive, you must maintain a C or higher in any related course for the program
- Applicants with a D or F in any of the related courses will not be eligible to compete for the program unless they have repeated the course and earned a grade to replace the D or F before the deadline  
**(You cannot do a MAR application with a D or an F as the highest grade)**
- This policy is in place to maintain the integrity of the program and all applicants are held to these standards. There are NO exceptions.
- \*For programs with multiple course options for a related course, applicants can replace the D or F grade with any of the course options available. For example, if the course choices are ENG 112 or ENG 114, and the applicant has a D or F in ENG 112 then the choice is to either repeat ENG 112 or take the ENG 114 and earn a C or higher

If you are unsure whether you meet either of these requirements, it is **YOUR** responsibility to speak with your assigned advisor **PRIOR TO** submitting your MAR application.

When we receive the MAR application it will be reviewed to make sure you meet the minimum requirements including taking the TEAS test and meeting the required score. If you do not meet these requirements, you will not be eligible and will not be placed into the applicant pool.

### 3. Submit ALL official transcripts

Submit all official transcripts from high school and regionally accredited colleges attended. This includes AP scores if applicable for the related courses so please request those early as the College Board does take a few weeks to send them. ## **6. Review additional requirements for accepted students**

This program has the following additional requirements that will be verified by the Nursing Department at the orientation for admitted LPN-RN students:

1. Unrestricted licensure as an LPN in the state of North Carolina.
2. Valid/unexpired American Heart Association Healthcare Provider Card (CPR/BLS)

If you are unable to complete these requirements by the deadline, you will lose your seat in the program and will have to reapply for a future term. Students admitted into the LPN-RN Transition program will be given instructions from the Nursing Department on how to submit this documentation. Applicants that are not able to meet the above requirements, are encouraged to apply for the admission cycle in which the requirements can be met by the deadline.

**If you have questions regarding these additional requirements, please direct them to the Nursing Department. [adngeneralquestions@forsythtech.edu](mailto:adngeneralquestions@forsythtech.edu).**

## Understanding the Ranking Process:

When the MAR and TEAS score requirements are met, qualified applicants are ranked using a point system. The points come from the grades in the “related courses” that are part of the program and will not only give you points but also lighten the course load if you are admitted into the program. Then your TEAS total score is added to the Related Course points to give you the score that you are being ranked with in the competition for the program.

### 1. Mandatory Courses

The following courses must be completed by the time of the MAR Review with a grade of “C” or higher. There are no age limitations for Anatomy and Physiology courses. However, to qualify for ranking points and transfer, courses must satisfy the required semester hours and descriptions. Please note that **BIO165/166 sequence** can be used to meet this requirement, however the sequence must be completed at the same college to transfer. **BIO 163/271 combination** may also be substituted to meet the Anatomy and Physiology course requirements.

Course	Course Names	Credit Hours
BIO 168 or 165	Anatomy & Physiology I	4
BIO 169 or 166	Anatomy & Physiology II	4
PSY 150	General Psychology	3
PSY 241	Developmental Psychology	3

### 2. Related Courses

Points are awarded for specific course grades **completed by the deadline**. You are not required to finish all these classes before applying but doing so will help you to get a higher score and be more competitive.

Grade points are valued as follows: A = 4 points, B = 3 points, C = 2 points.

These points are then multiplied by the credit hours for each course. For example, ENG 111 (3 credit hours) with a grade of B (3 points) gives a student 9 total points for that course.

AP credit is based upon the individual scores as follows: 5=A=4 points, 4=B=3 points and 3=C=2 points.

Please note that if a course is repeated, the highest grade earned will be used in the ranking.

Related Courses	Course Names	Credit Hours
BIO 168 or 165	Anatomy & Physiology I	4
BIO 169 or 166	Anatomy & Physiology II	4
ENG 111	Writing and Inquiry	3
ENG 112 or ENG 114	2 <sup>nd</sup> level English course	3
PSY 150	General Psychology	3
PSY 241	Developmental Psychology	3
Humanities/Fine Arts	** <b>(See specific list below)</b>	3

\*\*ART 111, ART 114, ART 115, MUS 110, MUS 112, HUM 115, PHI 215 or PHI 240. You must have one of these specific courses to meet the humanities/fine arts elective requirement for ADN.

Only courses completed by the deadline will be used for ranking. Courses must be completed with a “C”

or better. There are no age limitations for BIO 165/166 or BIO 168/169.

**To qualify for ranking points and transfer credit, courses must satisfy the required semester hours and descriptions. Please note that BIO 165 & 166 must be completed at the same college or university to transfer. Applicants completing BIO 168 & 169 are not restricted to taking both anatomy/physiology courses at the same college or university.**

**3. TEAS Total Score**

An applicant must test and meet the required minimum 60% or higher Total Score on the TEAS. This score will be used as part of the ranking process.

**4. Total Points for Ranking and Selection**

The 72 applicants with the highest ranked scores will be admitted each spring and fall. In the event of a tie, the applicant with the higher Science Score on the TEAS will be ranked higher. An alternate list will be maintained in ranking order. Alternates will only be admitted if a space becomes available. Applicants not admitted to the spring program must reapply and complete a MAR application for consideration to the fall program. Applicants not admitted to the fall program must reapply for future consideration.

**Accepted student data from the previous 3 years**

Please note that the data below is for informational purposes only! Points and criteria vary each year. It is in a student's best interest to accumulate as many points as possible to be as competitive as possible.

Year	Number of qualified applicants	Point range of accepted students
2022	87	150 - 169.3
2021	74	147.7 - 168.7
2020	74	146.3 - 172.7

**Policy regarding Deferred Action Childhood Arrival (DACA) and Undocumented Students**

Current NCCCS policy allows DACA and undocumented applicants to enroll at Forsyth Tech at the out of state tuition cost. However, acceptance to the college does not guarantee acceptance to a specific program.

DACA students are eligible to apply to an Allied Health/Nursing program.

Undocumented students are not eligible for consideration to Allied Health or Nursing programs. According to North Carolina and Federal law, undocumented students are not eligible for North Carolina professional licensure.

This policy is subject to change without notice based upon federal and state regulations.

## **TEAS: A Guide to Student Success and FAQ**

Student success before, during, and after the nursing programs at Forsyth Tech is your goal as well as for the faculty and staff at our college. Success refers to academic achievement, personal and professional goal attainment, and well-being. Preparation and advisement are key components on the road to success for all students.

To better ensure your success, the nursing faculty has adopted a program that has been demonstrated to assist you in meeting your goals. Part of the success program requirements is an assessment of essential academic skills. The assessment is known as Test of Essential Academic Skills (TEAS), a product of the Assessment Technologies Institute (ATI). The TEAS measures basic skills in the domains of reading, mathematics, science, and English language usage.

To help assist you in being successful on TEAS, the college offers ACA 085 – Improving Study Skills, a 1-credit hour course. Please note that only the online sections of ACA 085 are designed for TEAS prep. ACA 085 is offered as an 8-week, web-based (online sections in the 800 range only) course so you can complete the course anywhere you have internet access. ACA 085 provides an opportunity to review basic skills on the four domains of the TEAS and offers practice tests. Completion of ACA 085 does not grant eligibility to take the TEAS nor does it grant points towards ranking.

TEAS study books are located on reserve for review in the following locations: Main Campus library (Ardmore building), Stokes County Office (Danbury), Grady Swisher Center (Kernersville), and Mazie Woodruff Center (Carver Road, Winston-Salem).

TEAS study manual and practice test is available for purchase from our college bookstore, or through ATI online at [www.atitesting.com](http://www.atitesting.com).
