

ABOUT THE MEDICAL ASSISTING PROGRAM

Medical Assisting (MED) general education classes align with the program of study. Unlike other Health Technologies programs, MED prefers that curriculum general education course be taken along with the program courses. Each semester is assigned general education class to support the MED program courses. The coordination of the courses blend content and create a collaborative learning experience. This advisement pattern assists with keeping students on a 1 + 1 Diploma to AAS plan. To be accepted, new students must qualify to take ENG 111 and MAT 143 without the co-requisite. Students taking classes with co-requisites must complete the classes by the application deadline to be considered. A MAR review in Admissions determines eligibility; a follow-up with a MED program advisor to complete a **pre-program plan is required**. The MED faculty advisors are Anna Hilton, 336.734.7362, Jennifer Pike, 336-734-7423 and Wendy Craven, 336-757-3316. Refer to the MAR packet for additional guidelines.
