

# Therapeutic Massage

**Fall 2022 Deadline: August 5, 2022**

Therapeutic Massage is a limited enrollment program beginning each fall semester. The program begins with a series of two certificates that can be completed in two semesters on the Day/Full-Time Track, or in four semesters on the Night/Part-Time Track. Each track accepts **16 students** for the fall. Successful completion of both the **Massage Practitioner I Certificate** and the **Massage Practitioner II Certificate** allows students to acquire the skills and clinical hours necessary to be eligible for North Carolina licensure as a massage therapist. **Graduates of the certificate series then have the option to earn an associate degree by meeting additional course requirements (see page 4).**

The instructional facility for the Therapeutic Massage program is located at the **Grady P. Swisher Center, 1108 Swisher Center Road in Kernersville, NC**. Please see pages 7-8 for the program schedule and driving directions.

This packet guides you through the limited admission process for Therapeutic Massage. This includes meeting the program's **minimum admissions requirements** and **completing a Minimum Admissions Requirements (MAR) application**.

Therapeutic Massage is a first-qualified, first accepted curriculum. Students who complete a MAR review will be admitted to the program until all seats are filled. After that point, students who complete a MAR review will be added to an alternate list. While not guaranteed admission, alternates would have the opportunity to fill seats if any open later in the process.

Once the admissions process is complete, applicants who are accepted into the program must then meet additional **Therapeutic Massage clinical requirements (see page 6)** by **August 15, 2022** to maintain their seat in the program. **We strongly encourage students to complete the admissions process well ahead of the deadline in order to allow for a reasonable amount of time to meet these additional program requirements!**

\*

**Special Note:** While this packet guides you through the process of meeting the requirements to enter the full program for fall 2022, you can enroll in any semester as a **Pre-Health Tech** student. This gives you the opportunity to meet any admissions requirements you have not yet met, as well as possibly getting a head start on your degree by completing general education (or "related") courses. Please refer to **page 4** for a list of these related courses. However, keep in mind that these classes are **not required** before entering the program! Only the minimum admissions requirements must be met prior to program entry.

## Steps for the Limited Admission Process for the Fall 2022 Therapeutic Massage Program

### 1. Complete an application to Forsyth Tech at <https://www.forsythtech.edu/apply-ft/>

- Complete NC Residency at [www.ncresidency.org](http://www.ncresidency.org)
- New and Former students must complete the online application.
- Submit all official transcripts from high school or high school equivalency. Electronic transcripts can be sent through a secure service to [admissions@forsythtech.edu](mailto:admissions@forsythtech.edu) or paper transcripts can be mailed to Attn: Admissions 2100 Silas Creek Parkway Winston Salem, NC 27103 or hand delivered in a sealed envelope to the Admissions and Records Office on the main campus.
- Official college transcripts, from colleges or schools attended since high school, **are only required if transfer credit is requested**. Official transcripts must have the school seal or original signature and be in a sealed unopened envelope or submitted electronically from the school.
- Currently enrolled students do not need to do a new application.

### 2. Demonstrate English and Mathematics “College Readiness” levels.

- All Health Program applicants are required to demonstrate English and Mathematics college-readiness by one of the following methods:

#### English Readiness

- No ENG credits, but have an earned Associate or Bachelor’s degree from a regionally-accredited institution
- Documented completion of ENG 111, with a minimum grade of “C”
- Eligible to enroll in ENG 111 without the ENG 011 co-requisite, demonstrated by one of the following:
  - Graduate of a US high school with an unweighted GPA of 2.8 or higher OR HSE specific scores – see Admissions for details
  - Completion of placement test within the past 10 years and achievement of appropriate scores OR SAT/ACT specific scores – see Admissions for details
  - If you took the placement test elsewhere, you MUST submit those scores to Forsyth Tech Admissions.
  - Current enrollment in ENG 111 with corequisite
  - Completion of ENG 002 Tier 2

#### Mathematics Readiness

- No MAT credits, but have an earned Associate or Bachelor’s degree from a regionally-accredited institution
- Documented completion of MAT 110 or higher-level course with a minimum grade of “C”
- Eligible to enroll in MAT 110 without the corresponding co-requisite, demonstrated by one of the following:
  - Graduate of a US high school with an unweighted GPA of 2.8 or higher OR HSE specific scores – see Admissions for details
  - Completion of placement test within the past 10 years and achievement of appropriate scores OR SAT/ACT specific scores – see Admissions for details

- If you took the placement test elsewhere, you **MUST** submit those scores to Forsyth Tech Admissions.
- Current enrollment in MAT 110 with corequisite
- Completion of Math 003 Tier 1

**If you are unsure whether you meet either of these requirements, it is YOUR responsibility to speak with a counselor in the Admissions Office PRIOR TO completing your Minimum Admissions Requirements Review with an Admissions Counselor.**

### **3. Submit the online Therapeutic Massage application.**

#### ***Fall 2022 Therapeutic Massage MAR Application***

- Applicants can complete MAR reviews between October 11, 2021 and the final August 5, 2022 deadline. **However, we strongly encourage students to complete the admissions process well ahead of the deadline in order to allow for a reasonable amount of time to meet the clinical requirements listed on page 6.**
- During this review, we check that you have met the program's **minimum admissions requirements** by completing steps 1 through 2 above.
- **Please do not submit this MAR application until you know you have met those requirements!** If something is missing (for instance, your high school transcript, or something that shows you meet the English/Reading and Math Readiness requirements), we will ask you to resubmit your application once you have provided the missing document. That could delay your opportunity to claim a spot in the program before it fills, so please make sure you are fully ready before submitting the application!

### **4. Check your Forsyth Tech email and keep your phone and address updated with the office.**

- After completing your MAR review, we will notify you via your Forsyth Tech email about your status.
- You will receive an email no matter what – whether you are admitted or, if space is already full in the program, been placed on an alternate list. We will not leave you without notification.
- If you are admitted to the program, there will be instructions in your admission letter with requirements that apply to admitted students – make sure to meet any of those deadlines/requirements or you can lose your seat in the program.
- If you are an alternate, we will contact you by phone or email if any seats open up in the program.

**Pre-Health Tech:**  
**General Education/Related Courses for Therapeutic Massage**

When you are first admitted to the school and indicate **Therapeutic Massage** as your program choice, you are accepted as a **Pre-Health Tech** student. While you are not fully in the program yet, as a Pre-Health Tech student you can do two things to prepare yourself for entering Therapeutic Massage:

- If you are not already eligible for the program, you can take courses that help you meet the **minimum admissions requirements**. This would be the priority!
- If the admissions deadline has already passed, or you are beginning school in a different semester than when the program begins—for example, you are starting classes in spring 2022 ahead of the full Therapeutic Massage program beginning in fall 2022—you can get a **head start** on the program’s **general education/related courses**.

These are the general education/related courses for Therapeutic Massage:

**Related Courses for Certificate Series:**

ACA 111  
ENG 111  
MED 121

**Additional Related Courses for Associate Degree:**

PSY 150 or PSY 118  
BIO 163 or BIO 168 & 169  
PED 110  
BUS 152

English Elective (choose one): ENG 112, ENG 114,  
ENG 115, COM 120, or COM 231

Humanities/Fine Arts Elective (choose one): ART  
111, ENG 231, HUM 115, HUM 120, HUM 130,  
HUM 220, MUS 110, PHI 215, PHI 240, or REL 110

Please remember, though, that **these general education/related courses are NOT required before you begin the Therapeutic Massage program!**

As long you have met the **minimum admissions requirements**—the paperwork and English/Math Readiness requirements covered in steps 1 through 2 in this packet—you are eligible to do a MAR review and enter Therapeutic Massage even if you haven’t taken any of the related courses. You will be able to take them while you are in the program.

However, if you have the opportunity to begin work on these courses as a Pre-Health Tech student before you enter Therapeutic Massage, taking them with the guidance of your advisor can help you reduce your course load once the full program begins.

**Academic Progression Policy**

A grade of a “D” or “F” in a related course does not prevent a student from being eligible for the 2022 Therapeutic Massage program. However, if a grade of “D” or “F” is earned prior to or after acceptance, the course must be repeated with a “C” or higher while enrolled in the program and prior to graduation.

Students must also earn a final grade of an 80 or higher in the core MTH courses that become available once accepted into the program to remain eligible for graduation.

## **Deferred Action Childhood Arrival (DACA) and Undocumented Students Policy**

Current NCCCS policy allows DACA and undocumented applicants to enroll at Forsyth Tech at the out of state tuition cost. However, acceptance to the college does not guarantee acceptance to a specific program.

DACA students are eligible to apply to an Allied Health/Nursing program.

Undocumented students are not eligible for consideration to Allied Health or Nursing programs. According to North Carolina and Federal law, undocumented students are not eligible for North Carolina professional licensure.

This policy is subject to change without notice based upon federal and state regulations.

\*

### **Notification Procedure**

Students will be admitted to the program based on the **completion date** of the MAR Review. Notification letters will be e-mailed to accepted students. If an applicant did not meet the minimum requirements, was not accepted or declined admission, the person must submit a new application and complete the MAR Review for the 2022 Therapeutic Massage program by the specified deadline.

\*

**AFTER ADMISSIONS:**  
**THERAPEUTIC MASSAGE CLINICAL REQUIREMENTS**

**Clinical Requirements Deadline: August 15, 2022**

Once students are admitted to the program, they will be directed to Therapeutic Massage staff for guidance on clinical documentation and registration. In addition to attending a **mandatory orientation**, accepted students must also meet clinical requirements in order to maintain their seat in the program.

The deadline for meeting these requirements is **August 15, 2022**, the first day of classes for the fall 2022 semester.

**If you are unable to complete these clinical requirements by this deadline, you will lose your seat in the program.** Therefore, we **strongly recommend** you complete the admissions process well ahead of the August 15, 2022 admissions deadline in order to have enough time to complete these additional requirements. Some of the requirements listed below, such as the immunization report and medical physical with your primary care physician, may take several weeks to months to complete, so the sooner you are able to begin the process the easier it will be to meet the deadline. All clinical documentation must be completed by August 15, 2022.

Also, since space in the full-time day program and part-time evening programs is limited to 16 seats each, completing the admissions process early increases the likelihood that seats will still be available in the program.

If you have questions about these requirements, please direct them to the Therapeutic Massage program:

**Sandy Mason, Program Coordinator: (336) 757-3901 or [smason@forsythtech.edu](mailto:smason@forsythtech.edu)**

The clinical requirements are as follows. The necessary paperwork will be provided by Therapeutic Massage staff after acceptance into the program:

**Therapeutic Massage Student Orientation**

The program orientation is mandatory. If you miss the orientation, you must attend a SOAR Orientation session through the Student Success Center to be able to register for courses:

<http://www.forsythtech.edu/student-services/student-resources/student-success-center/>

**American Heart Association – Healthcare Provider CPR (uploaded to CastleBranch)**

Copy of AHA CPR certification card (approximate cost of \$50).

**Professional Massage Session**

Students must complete a form documenting a session received from a licensed massage therapist (approximate cost \$50 to \$70, form will be provided by Ms. Mason via email or appointment).

**Student Medical Health Form / Immunizations Records (uploaded to CastleBranch)**

You are required to have a medical doctor complete the form (approximate cost of \$100) and must include your immunization records.

**Criminal Background Check and Drug Screen (administered by CastleBranch)**

Vendor approved by Forsyth Tech (approximate cost of \$100).

## PROGRAM SCHEDULE

The **Day/Full-Time** program track follows this schedule for the certificate series, with a graduation date of May 2022 for students beginning in fall 2022. Any related/general education courses (see page 4) for the certificate series not completed before program entry will be included in the times frames listed below.

### **Fall 2022**

Monday-Thursday: 9:00 AM to 4:00 PM

Friday: 9:00 AM to 12:00 PM

### **Spring 2023**

Monday-Thursday: 9:00 AM to 4:00 PM

Friday: 8:00 AM to 3:00 PM

The **Evening/Part-Time** program track follows this schedule for the certificate series, with a graduation date of May 2023 for students beginning in fall 2022. Any related/general education courses (see page 4) for the certificate series not completed before program entry will be included in the times frames listed below.

### **Fall 2022**

Monday-Thursday: 6:00 PM to 9:00 PM

### **Spring 2023**

Monday-Thursday: 6:00 PM to 9:30 PM

### **Fall 2023**

Monday-Thursday: 6:00 PM to 9:30 PM

### **Spring 2024**

Monday-Thursday: 6:00 PM to 9:30 PM

Students who complete the certificate series and then choose to continue with the program to earn an **Associate in Applied Science degree** will follow this schedule in **an additional year of classes**. Any related/general education courses for the Associate degree (see page 4) not completed before program entry must be added to the times frames listed below.

### **Fall**

Monday, Tuesday and Wednesday: 9:00 AM to 4:00 PM

*Thursday and Friday - online*

### **Spring**

Tuesday and Wednesday: 9:00 AM to 3:00 PM

*Work-Based Learning and online coursework on Monday, Thursday, and Friday*

## **DIRECTIONS TO GRADY P. SWISHER CENTER**

### **Therapeutic Massage Program Headquarters**

1108 Swisher Center Road  
Kernersville, NC 27284
