Parenting: iCrazy! Social Media
April 16 • 6-9 p.m. • Oak Grove 4450
Course # 90717 • Fee: \$35

There is a communication explosion and your child is a part of it! Facebook, Twitter, Instagram, SnapChat, Tumblr, are just a few of the avenues your child will use to communicate with friends and new acquaintances. What are the positive and negative effects of social media? How can I know my child is using social media in a safe manner? What is my role as a parent when it comes to social media? What are the warning signs that signal my child is in turmoil, and when is intervention necessary?

Parenting: Middle School Years
April 28 • 6-9 p.m. • Oak Grove 4456
Course # 90720 • Fee: \$35

Middle School can be challenging for both parents and children. Parents need to understand the physical, social and emotional changes that their child will experience during these years. Be ready for the mood swings, understand all the social media the students are using and get a handle on guidelines and accountability. This class will discuss warning signs to look for in your child and when intervention is necessary.
