Course Descriptions

Morning Care-$25
Students will engage in a variety of physical and enrichment activities to start their day.

Afternoon Care-$30
Students are offered an extended summer enrichment experience which includes a variety of physical and fun activities to close out their day.

S.T.E.M.

App Adventures: The Next Level!-$129
Choose from a selection of different web-based (HTML5) mobile apps and explore more in-depth programming concepts.

Code Breakers-$129
Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges.

Digital Storytellers-$129
Start with a concept, design the storyboard, add some dialogue, and watch as the characters in your imagination come to life in your first graphic novel!

G2: The Girl Gamers Club-$129
Hang out with new friends, have fun, and learn key S.T.E.M. skills in this one of a kind class! Learn the basic elements of 2D game design. Each day will have a tech challenge and a profile of the female stars of the tech world.

Game Labs: Collaborate-Create-Compete in the Ultimate Video Game Experience-$129
For serious gamers only! Beyond 2D and 3D, learn advanced level editing, simple 3D modeling, intermediate event scripting and the impact of game play on user experience. System requirements for home experience: 2GB of RAM, and 2.0GHZ processor

LEGO® Video Games-$129
Combine your two favorite activities: LEGOs and video games! Students will create their own LEGO characters and adventures in an interactive 2D video game.

Lego® Comics: Design Your Own Adventure!-$129
In this LEGO adventure YOU are the star! Pick your favorite LEGO genre or create an alternate universe to create a digitally illustrated story or graphic novel.

Make Your First 3D Video Game -$129
Learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling.

Maker Labs: Make Your First 3D Creation!-$129
If you can dream it you can make it–create your first action figure or design custom jewelry, learn how to prepare a model for 3D printing, and create a design portfolio to showcase your work! Using professional-level modeling software, you will sculpt, texture, and render your own 3D creation.

Minecraft® Animators-$129
Bring your favorite Minecraft characters to life in an animated short film! Learn how studios like Pixar and Disney make movies like *Inside Out* and *Frozen* by using techniques like key framing, tweening, texturing, and animating rigged 3D models!

Minecraft® Designers-$129
Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures.

Minecraft® Modders-$129
Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft.

Star Wars® Stop Animation-$129
Make your own Star Wars adventure come to life! Bring in your favorite action figures or Star Wars action figure and create a short film with your friends. Whether you want to recreate a scene from Star Wars or design a new world of your own, this class brings your dreams to the screen.

Video Game Animation-$129
Take your game design skills to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character's personality, signature moves, special powers, and a story line. No prior experience in game design, animation, or sketching.

ART & DRAMA

Adventures in Directing Drama-$79
Create your own endings, characters, and scenes as we explore your dramatic ideas. Develop analytical thinking, explore each other's scenarios, and learn to give constructive feedback. Students will develop a creative flow that uses their imaginations, explores plot-twists, delves into problem solving, and engages in storytelling.

Adventures in Drama-$79
Spend four days exploring your dramatic side! Build confidence in expressing yourself. Students are guided to use vocal, facial, and physical expression to engage with scripts, characters, and poetry. Practice pronunciation, inflection, expression, and varied volume.

Animal Kingdom-$79
Explore the many animal kingdoms through art, painting, plaster masks and watercolor.

Band: Beginning-$79
Calling all NEW middle school band students! Learn the basics of your instrument! Explore beginning techniques, hand placement, sound production, cleaning and care of your band instrument and basic music theory. Offered in partnership with Jackson's Music.

Glow in the Dark-$79
The dark never looked so good. Enjoy making unique art pieces with glow in the dark paint under black lighting.

Impromptu Adventures-$79
Express your feelings and ideas with improvisation, impromptu speaking, and charades. Students will explore how to better share ideas by thinking about other points of views and perspectives.

Paint Like the Masters-$79
Create your own masterpiece in the style of artists like O'Keefe, Haring and Matisse.

Recyclable Art-$79
Turn trash into treasures! Not all trash needs to be thrown away. Turn everyday disposable objects into beautiful art, including sculptures, textiles and décor.

BRAIN CHARGE

Babysitting FUNdamentals-$89
Learn the basics of how to market yourself; receive hands-on baby care and learn to provide safe and fun childcare. Students successfully completing the course can download a certificate. Offered in partnership with American Red Cross.

Be Your Own Boss-$79
Learn key skills like financial literacy, product development, pricing, operations, marketing and sales. This national Lemonade Day program for teens, sponsored by Google®, isn't your grandfather's lemonade stand. Offered in partnership with Google® for Entrepreneurs & innovateHER.

Mad Math-$69
It's alive!!!! Students will learn to analyze and solve mathematical problems using fun brain teasers, creative games, and computer activities that will enhance their skills as mathematicians.

Mathtastic-$69
Students will apply math to everyday activities through the use of games, arts and crafts, and creative problem-solving opportunities. This class reinforces basic math facts while exploring and discovering the amazing wonder of numbers in our world.

Pediatric First Aid/CPR-$60
Topics covered in this class include: child/infant CPR/AED--choking, asthma care and pediatric first aid. Upon successful completion of the skills test, , you will receive an American Heart Association Pediatric First Aid/CPR Certification.

Public Safety Heroes: "Keeping Us Safe Every Day!" -$69
Learn how our Fire, Emergency Medical Services, and Police officers keep us safe every day. Find out what it takes to do these jobs well.

Readership 101-$69
Be prepared for the upcoming school year. Improve your readership! This course will focus on increasing vocabulary, building fluency, and strengthening comprehension. Students will participate in a variety of literacy activities, including interactive reading, and individualized skill instruction.

Reading from the Middle-$69
Improve your readership in middle school! This course will focus on increasing vocabulary, building fluency, and strengthening comprehension. Students will participate in a variety of literacy activities, including interactive reading, and individualized skill instruction.

Your College Essay-$49
Learn how to write a well-crafted essay that sets the foundation for developing your personal statement and responding to other open-ended college admission questions.

Forsyth Tech reserves the right to change the schedule of classes and instructors when necessary. The college also reserves the right to cancel any class(es) before the first session due to low enrollment. If a class is canceled, students will be notified by phone and/or e-mail and will receive a 100% refund. See below for full refund policy.

Refund Policy
A full refund is given if Forsyth Tech cancels a course. If a course is canceled by Forsyth Tech, parents will be notified by phone and/or e-mail and will receive a 100% refund. Students who withdraw from a course eight calendar days before the first class session are eligible for a full 100% refund, provided they complete and submit a Request for Refund form to the Customer Service Center on West Campus, located at 1300 Bolton Street. After that point, students may get a 50% refund by submitting a Request for Refund form before the first class session.

NOTE: To request a registration fee refund in accordance with the above policy, you must officially withdraw from a course by completing and submitting a Request for Refund form to the Customer Service Center on West Campus, located at 1300 Bolton Street, or you may fill out and submit the online Request for Refund form located at http://www.forsythtech.edu/courses-programs/job-skills/online-courses/continuing-education-refund-form/. Refunds are generally mailed within four to six weeks of receipt of the Request for Refund form and/or notification of class cancellation.
 No other refunds will be given.
