

FAA Part 65 Accelerated Prep Program

STEPS TO REGISTER AND QUALIFICATION ELIGIBILITY

The applicant must determine eligibility by completing the following:

Military – Verify MOS qualification [Figure 5-13 Military Occupational Specialty Codes](#)

Civilian – Verify Years of Service Qualification (Civilian OJT and logbook entries to qualify)

1. FAA 8610 Sign-Off Qualifications Form [Airman Certificate & / Or Rating Application](#)

2. Register with IACRA <https://iacra.faa.gov/IACRA/Default.aspx>

3. Prior to your FAA interview, gather your documented evidence of experience with the FAA FSDO to create an FAA interview package

4. Set up an interview with FAA to review your 8610 application and documentation for a sign-off to be eligible to take FAA mechanic test. Make an interview appointment with FAA FSDO Greensboro, NC – 336-369-3900

5. Complete your FAA 8610 Interview

6. Recommended purchase of Dauntless Aviation or ASA Prepware for Mechanic General, Airframe, Powerplant School

7. Register with FAAPSIEXAMS.com to schedule exams.

<https://faa.psiexams.com/faa/login>

8. Take FAA Knowledge Tests. Prospective students must have a minimum of 70 on their written exams prior to registering for the FT Part 65 course. FT Program Coordinator recommends achieving an 80 score.

9. Prior to registering for the course, schedule a meeting with the Program Coordinator to review your qualifications, experience, and required FAA documents.
