\*Each course is offered in the Spring, Summer and Fall semesters of each year.

\*Medical terminology can be waived if you have taken this course in the past and/or work in a position in health care that requires knowledge of Medical Terminology. A transcript and/ or a letter from your employer stating your job title/description and how long you have been working in the position. You may send transcripts or employer letter to Daveta Strayhorn for review at [dstrayhorn@forsythtech.edu](mailto:dstrayhorn@forsythtech.edu).

\*These are **not** self-paced courses. Each week has timed material that will be available and due on a specific due date each week. Students will not have access to prior week's

assignments after due dates have passed so students must manage their time accordingly. It is expected that each student completes all work assigned and be proactive in the learning process. This means you must be able/willing to spend **8 or more hours per week** per course studying and completing assignments.
