

ASSOCIATE DEGREE NURSING MINIMUM ADMISSION REQUIREMENTS (MAR)

MAR Application Deadline

Spring 2027: September 15, 2026

Fall 2027: March 15, 2027

Associate Degree Nursing is a competitive admission, 2-year degree program.

Up to 72 students are admitted for both the Spring and Fall* semesters.

- 51 seats are in the Main Campus program
- 21 seats are in the Stokes Campus program

**In the fall, five seats are reserved for graduating high school seniors. See High School Seniors on page 8.*

You must meet the minimum requirements to apply. Meeting minimum requirements does **not** guarantee admission.

You may apply for a maximum of three selective admissions programs at the same time and must review the MAR packet for each program to confirm that you meet each program's requirements.

Application Checklist

The following items must be completed to apply to the Associate Degree Nursing Program:

☐	Submit the Forsyth Tech Application
☐	Submit Official Transcripts
☐	Meet Minimum Requirements for English, Math, and Biology
☐	Complete All Related Courses (Recommended, but Optional)
☐	Complete the TEAS Exam
☐	Submit the MAR Application

Step 1 - Submit the Forsyth Tech Application

You must [apply](#) if you are a new student.

Keep in mind you need to apply a few days before the deadline to allow time for application processing and creation of your Forsyth Tech account, which is required to submit a MAR application.

You must [apply](#) if you are a former student and it has been over a year since you last applied to or were enrolled at Forsyth Tech.

You do not need to apply if you are a currently enrolled student.

Step 2 - Submit Official Transcripts

You must submit:

- Official high school or GED transcript for placement requirements
- Official college transcripts for related courses
 - Undergraduate courses only; no graduate-level courses
- Official AP scores from the College Board, if applicable

There are three options for submitting transcripts:

1. Submit transcripts electronically via a secure service by emailing admissions@forsythtech.edu
2. Drop off paper transcripts in a sealed envelope to the Admissions and Records Office on Main Campus
3. Mail transcripts to the following address:
Forsyth Technical Community College
ATTN: Admissions
2100 Silas Creek Pkwy

Step 3 - Meet Minimum Requirements for English, Math, and Biology

You must demonstrate college-readiness in English and math through one of the following methods:

College English Readiness	College Math Readiness

Earned an associate or bachelor's degree from a regionally accredited institution	
Graduated from a US high school with an unweighted GPA of 2.4 or higher	
Completed a placement test with appropriate scores. <i>If the placement test was completed at a different college, you are required to submit those scores to Forsyth Tech's Admissions and Records Office.</i>	

You must demonstrate biology competency through one of the following methods:

Biology Competency
Completed college-level BIO course with a grade of C or better
Completed high school-level BIO course with a grade of D or better

If you are uncertain whether you meet any of these requirements, you must consult with your assigned advisor prior to submitting your MAR application.

Step 4 - Complete Related Courses

Completing related courses before applying is not mandatory but is strongly recommended for a competitive rank.

Related courses must be completed with a grade of C or better to receive points. If a course is repeated, the highest grade earned will be accepted.

Related Courses	Course Names	Credit Hours
BIO-168 or BIO-165*	Anatomy & Physiology I	4
BIO-169 or BIO-166*	Anatomy & Physiology II	4
ENG-111	Writing and Inquiry	3
ENG-112^	Writing/Research in the Disc	3
PSY-150	General Psychology	3
PSY-241	Developmental Psychology	3
Humanities/Fine Arts†	Various	3

*BIO-165 and BIO-166 must be completed at the same institution to transfer. There is no age limitation on BIO-165/166 or BIO-168/169.

^ ENG-112 is the preferred second ENG option, but ENG-114 is accepted.

†HUM-115 (Critical Thinking) or PHI-240 (Intro to Ethics) is the preferred Humanities/Fine Arts option; PHI-215, MUS-110, MUS-112, ART-111, ART-114, or ART-115 is accepted.

Applicants are ranked using a points system based on grades in related courses completed by the application deadline and TEAS scores.

Points are assigned for grades as follows: A = 4 points; B = 3 points; C = 2 points.

Points are assigned for AP credit as follows: 5 = 4 points; 4 = 3 points; 3 = 2 points.

Points from grades and/or AP credit are multiplied by the course's credit hours (*see table above*).

Points from all related courses are added together with your overall TEAS score to get your admissions rank.

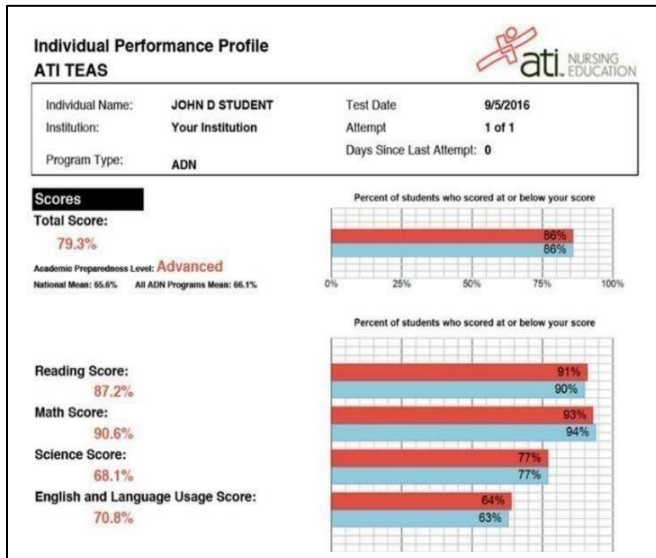

Step 5 - Complete the Test of Essential Academic Skills (TEAS Exam)

Click [HERE](#) to read about the TEAS and schedule your test.

You must achieve a score of **60% or higher**. **TEAS scores must remain valid through the deadline.**

Download your Individual Performance Profile (*see example below*). This report includes scores for all four test sections (Reading, Math, Science, and English Language Usage) and your overall score.

Attach a copy of the report to your MAR application.

TEAS tests taken at Forsyth Tech are not automatically submitted and must still be uploaded with the MAR application. **Preliminary scores will not be accepted.**

Step 6 - Submit the MAR Application

Use the links below to submit your MAR application and other documentation.

Application Link	Open and Closing Dates
<u>Spring 2027 MAR Application</u>	August 1, 2026, until September 15, 2026
<u>Fall 2027 MAR Application</u>	January 15, 2027, until March 15, 2027
<u>High School Senior MAR Application</u>	January 15, 2027, until March 15, 2027

You must include all required documentation in your application.

After you've submitted your MAR application, you will be added to the MAR review list.

Your paperwork will be sent to your Forsyth Tech email after your MAR application has been reviewed. The review process runs continuously throughout the application period and may continue for up to a few weeks after the deadline. Please be patient and do not expect immediate notification.

How You Are Ranked for Admission:

- Your overall TEAS score is added to points earned from related coursework to determine your admission points
 - To estimate your admission points, use the [MAR calculator](#).
Note: This calculator is intended only as an estimation tool and is not officially connected to the MAR review process.
- Admissions points are not awarded for CNA and CPR certifications
- In the event of a tie, the applicant with the highest score on the science portion of the TEAS will be ranked higher
- Applicants with the highest admission points will be offered a seat in the program

Within six weeks after the deadline, you will be notified of your status: admitted, alternate, or not admitted.

If you are admitted to the program, then your admission letter will include further detailed instructions. Be sure to meet all deadlines and requirements outlined in the letter to secure your spot in the program.

If you are placed on the alternate list, you will be contacted by phone or via your Forsyth Tech email if a seat becomes available.

If you are not admitted, then you must submit a new MAR application for future consideration.

An NA1 course is typically 12-16 weeks long, and there is a waiting period after completing the course before you can schedule your certification exam. Challenging the exam is not permitted.

We accept the following alternative certifications:

- Certified Nursing Assistant II
- Certified Medical Assistant (CMA), CCMA is not accepted.
- Emergency Medical Technician (EMT B or I)
- Paramedic
- Military Corpsman

If you have questions regarding these requirements, please contact the Nursing Department at adngeneralquestions@forsythtech.edu

The Health Sciences Division Technical Standards are not inclusive; however, they provide prospective students with an understanding of the programs' physical and emotional demands. The functions are considered essential requirements for admission, retention, and graduation, as they ensure that students receive safe, competent, and effective treatment interventions. Accepted students will be asked to acknowledge their ability to meet these technical standards. Click [HERE](#) to review the technical standards.
