

Pupcakes Cake Decorating Personal Enrichment Course

12/11/26 5 to 8 pm

Puppy Decorated Cupcakes for Humans!

Ayla Perkins

Supplies for Class

- Piping bags, at least 3 bags.
 - The larger the better, I prefer 18 inch piping bags, but if you can't find those, 12 inch will be just fine
- Tips
 - At least 3 round tips
 - One size 2. (this is for the whites of the eyes)
 - Two size 4 (this is for the eyes and tongue of the puppy)
 - One star tip, open or closed, size 22 to 24 (this is for the base of the puppy)
- 3 couplers (this will be used with the tips, they are plastic with both an internal part and external part)
- Gloves (recommended, not required)
- An apron (recommended, not required)
- 1 dozen cupcakes
- 1 pound of buttercream icing, or between 4 to 5 cups.
- Black and pink food coloring
 - Optionally, you can go ahead and mix the icing, making:
 - Black frosting, about 1 cup worth

- Pink frosting, about 1 cup worth
- Leave the rest of the frosting (2 to 3 cups) white
- You can also make 1.5 to 2 cups of the white frosting brown for your pupcakes. I use cocoa powder to dye brown frosting

We will be making THIS design for the puppy, but on cupcakes instead of cookies:
